## Quick reference

This is a general checklist. Apartment moves need access planning, but not every building rule belongs in the printable version.

## Access and rules

- Reserve the elevator if required
- Confirm move windows and loading zones
- Check parking and truck access

## Packing

- Pack around tighter hallways and stairs
- Label boxes by room and priority
- Keep fragile items separate

## Admin

- Confirm utilities and internet timing
- Update your address with USPS
- Review lease notice and move-out steps

## Move week

- Keep keys, codes, and entry rules handy
- Prepare first-night essentials
- Leave room for final building instructions
